SUPERINTENDENT'S MESSAGE

Congratulations to the graduates of the Class of 1987. You should be both proud and grateful as you now begin a new chapter in your life, a chapter for which you are, hopefully, well prepared following your four years at Greater Lowell Regional. Proud because of the achievements and contributions that you, individually and as a class, have made to the community, school and most importantly, to each other — grateful for the technical and vocational skills that you have gained and will always possess.

While there are employment opportunities available in the Greater Lowell area, please be mindful of the fact that you must not allow your personal and technical skills to deteriorate by settling for simply an entry level position for any length of time. It is extremely important that you continue to pursue your future educational and skill development goals so that you will always be fully prepared to meet the many demands and responsibilities that lie ahead with the same style and determination that you displayed throughout your career at Greater Lowell Regional.

The Class of 1987 has left a legacy to the Greater Lowell Regional School District and community. Our Vocational and Industrial Clubs of America Chapter continued to produce some of the most highly skilled competitors in the New England area. Our athletic successes produced a competitive spirit which, when combined with our solid reputation in the area of sportsmanship, has gained for us a well-deserved status as a highly respected high school athletic program. In particular, the accomplishments of our undefeated Division V Super Bowl Champion Varsity Football Team which will always be remembered.

Community projects, such as our Cooperative Education Program, Hotel and Lodging Program, our annual Christmas Fair, the Fall and Spring Blood Drives, the Toys for Tots campaign, and the Elderly Meals Program represent some of the day-to-day activities that so many of you have simply assumed as part of your education, perhaps without fully realizing that you have given the children, elderly and community leaders of the district a tremendous amount of joy and satisfaction.

In closing, I wish you continued success and fervently hope that you will be able to utilize the skills you have developed during your years at the Greater Lowell Regional Vocational Technical School as a springboard for becoming a truly positive force in this community in the years to come.

JEANNE D'ARC CREDIT UNION

CONGRATULATES

THE 1987 GRADUATES OF THE G.L.R.V.T.H.S.

As one of the oldest credit unions in the Country, we are proud of our humble beginnings in the basement of St. Jean Baptiste Church where, some seventy-five years ago, we encouraged school children to save their pennies. Jeanne D'Arc Credit Union, sometimes referred to as "The Little Bank Around the Corner," now occupies modern facilities just a stone's throw away and some of these same children are still with us. They, their children and their grandchildren have helped us grow into a \$105,000,000. banking institution serving all residents of Greater Lowell. Our friendly, courteous staff strive to serve our customers as individuals and not as numbers. We invite you to come in and see us or at least call us about our high savings and favorable loan rates.

Another year has ended and with it the approach of a finalé for another senior class. But, rather than an ending, it is more like a beginning. Our graduates are entering a new stage in their lives, one that they may pursue for the rest of their lives. I wish them the best of luck in making all the right decisions.

I'd like at this time to thank the faculty, staff and administration for all their help and support throughout the year. Also I would like to thank my staff for their assistance in putting together this yearbook.

Best of Luck to All of You,
Janet Cunningham
Yearbook Advisor
